

# Khathun Prototype

This is the home page when we open the app. The home screen has four buttons.

This is the Morning Prayer page which is linked to the Morning Prayer button on the home screen. It contains a button on the top right of the screen which upon clicking plays an audio of the prayer.

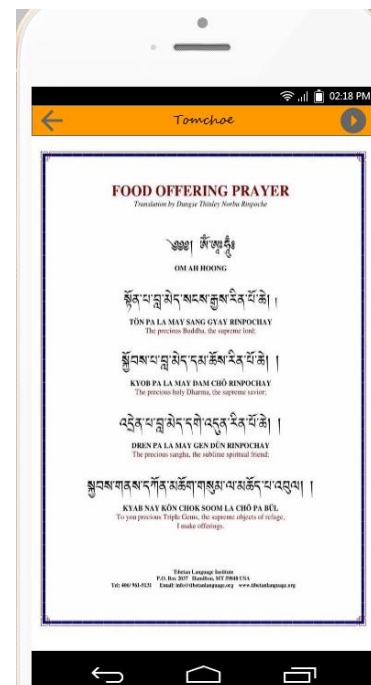

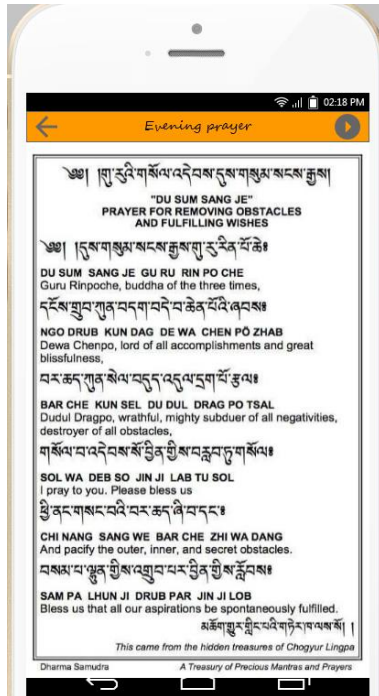

This is the Tomchoe (Food Offering Prayer) page which is linked to the Tomchoe button on the home screen.

This page contains two buttons as well, Tomchoe and Jamchoe which is linked to their own respective prayer pages.

This is the Tomchoe Prayer page which is linked to the Tomchoe Prayer button on the Tomchoe screen.

It contains an audio button as well.

This is the Evening Prayer page which is linked to the Evening Prayer button on the home screen.

It contains a button on the top right of the screen which upon clicking plays an audio of the prayer.
